*For Benefits Effective: July 1, 2025 through June 30, 2026*

# Welcome!

At Rancocas Valley Regional High School we are committed to providing our employees with a comprehensive, valuable benefits package and the resources you need to understand all the options available to you.

As an employer, we recognize that our team members are our most valuable asset. The health and well-being of our team members and that of your families is important to us as is the overall health and well-being of the organization. This is why we are committed to sustaining the high value benefit plans we make available.

We encourage you to carefully review this guide to familiarize yourself with our 2025-2026 benefit offerings and ensure that you are making the best benefits decisions for you and your eligible family members.

## What Do You Need to Do Now?

In order to enroll in medical, prescription, and/or dental coverage, you must submit an enrollment form to the Business Office.

Please refer to your BenePortal site to obtain a copy of a SHIF or Benecard enrollment form.

For questions regarding your monthly employee contributions please reach out to your Business Office.

# Eligibility & Enrollment Information

## Who is Eligible to Elect Benefits?

Full-time employees, who work a regular schedule of 35 hours or more per week, are eligible to enroll in the benefits described in this Guide.

Please remember that only eligible dependents can be enrolled. Eligible dependents include all of the following: Legal spouse/civil union partner, Biological child(ren), Legally adopted child(ren), Foster child(ren), Stepchild(ren) as long as natural parent remains married to the employee and resides in the employee's household, Child(ren) for whom you are responsible for under a court-order, Grandchild(ren) for whom you are responsible for under a court-order, Child(ren) through the end of the calendar year in which they turn age 26 for medical and prescription drug benefits, and Child(ren) up to age 19, or if a full-time student, up to age 23 for dental coverage. If you are enrolling a dependent(s) for the first time, you will need to provide proof of your dependent's eligibility (i.e. birth certificate, marriage certificate, proof of full-time status, etc.).

Your dependent(s) under 31 can be covered by electing to continue coverage for young adults after age 26. DU31 is a New Jersey law that allows children older than the child-dependent age in a parents' coverage to elect to remain covered until age 31, if certain other eligibility standards are met.

Go to [www.state.nj.us/dobi/division\\_consumers/du31.html](http://www.state.nj.us/dobi/division_consumers/du31.html) for more information regarding dependent coverage to age 31.

## How Often Can I Change Plan Elections?

Unless you have a qualified change in status, you cannot make changes to the benefits you elect until the next Open Enrollment period. Qualified changes in status include: marriage, civil union partnership status change, divorce, birth or adoption of a child, change in child's dependent status, death of a spouse, child or other qualified dependent, change in residence due to an employment transfer for you or your spouse/civil union partner, commencement or termination of adoption proceedings, or change in spouse's/civil union partner's benefits or employment status. You must notify Human resources and provide all the required documentation, within 60 days of experiencing a qualified status change.

# Maximize Your Benefits

## Always Consider Your In-Network Options First

You will typically pay less for covered services when providers are in-network with your medical plan.

In-network providers agree to discounted fees. You are responsible only for any copay or deductible that is included in your plan design.

**The amount you are required to pay out-of-pocket for out-of-network services may be significant.**

## Locate an In-Network Provider

Visit [www.aetna.com](http://www.aetna.com) and select “Find a Doctor”.

## Make Sure You Are Using In-Network Labs

Aetna participants may use either Quest Diagnostics or LabCorp for bloodwork.

## In-Patient or Observation

The difference between *inpatient* and *observation* status is important because benefits and provider payments are based on the status. Patients admitted under observation status are considered outpatients, even though they may stay in the hospital and receive treatment in a hospital bed. Hospital admission status may affect coverage for services such as skilled nursing. Some health plans, including Medicare, require a three-day hospital inpatient stay minimum before covering the cost of rehabilitative care in a skilled nursing care center. However, observation stays regardless of length, do not count towards the requirement.

A new law requires hospitals to give Medicare patients notice of an observation status within 36 hours. This status determines how the hospital bills your health plan. Even if you are NOT under Medicare, when you or your family member arrives at the hospital, you can ask questions like:

- Is the patient’s status *inpatient* or *observation*?
- How long will the hospital stay be?
- Will there be a need for specialized skilled or rehab care after discharged?

Asking these questions throughout the hospital stay is important because hospitals can change the status from one day to the next. You can ask to have the status changed, but it is important to do so while still in the hospital. If necessary, you can request the hospital’s patient advocate for assistance

# Know Where to Get Care

## Save Time and Money!

Avoid long waits at the Emergency Room and reduce your out-of-pocket costs by utilizing Telemedicine and Urgent Care Centers for ailments that are not life-threatening. Both of these options provide fast, effective care - when you need care fast.

## Know Where to Get Care

Visits to the ER can be very costly, so before you go to the ER, consider whether your condition is truly an emergency or if you can receive care from Telemedicine or at an Urgent Care Center instead.

## How to Access Telemedicine 24/7

### *\$0 Cost Telemedicine vs. Virtual Office Visits*

Please note that Telemedicine services are different from virtual/telephonic office visits with your participating provider. Most SHIF Health Plans have a \$0 copay for the Telemedicine Services (Teladoc) listed below.

Virtual/Telephonic Office Visits with your participating provider may require a copay or coinsurance in accordance with your specific health plan. For more information on your cost-share for virtual visits, please consult your insurance carrier at the customer service number on the back of your ID card.

# Urgent Care Centers

Urgent Care Centers are on **average 80% less costly** than Emergency Rooms. Plus, the Urgent Care copay matches your Specialist copay!

Urgent care centers are a **convenient, cost-effective** medical care alternative when your primary care physician is unavailable. Typically no appointments are necessary at most urgent care centers, and hours extend beyond regular doctor’s office hours making them available earlier and later than your primary care physician. Most are open **7 days a week!** To find an In-Network Urgent care center near you visit your medical carrier’s website

Treatment at urgent care centers are useful and appropriate for medical services that are not an emergency and require additional treatment such as:

- Allergies
- Asthma
- Sore Throat
- Stiches
- Ear Infection

*If your medical need is more urgent or life-threatening, please go right to the Emergency Room.*

Below is the emergency room cost compared against the urgent care cost for certain medical plans offered to employees of Ranacocas Valley Regional High School:

| Plans           | Emergency Room Copay | Urgent Care Copay | Estimated Savings |
|-----------------|----------------------|-------------------|-------------------|
| NJEHP           | \$125                | \$15              | \$110             |
| GSP*            | \$125                | \$15              | \$110             |

## Save on Your Prescriptions

Using the mail order program for your maintenance medications will save you money. You will receive up to a 90-day (3-month) supply for two retail copays. In addition to the savings, your prescriptions will be delivered right to your home. Refilling your order is easy and can be done over the phone.

**For more information or to begin using mail order, simply contact Benecard at [877.723.6005](tel:877.723.6005).**

# Additional Prescription Plan Information:

## *Benecard*

The following additional features will apply to some of the prescription plan offerings. Please refer to the Benecard Member Brochures posted on your BenePortal for further details.

- **Mandatory Generics:** Pharmacists must dispense the generic equivalent medication when available. If a member fills the brand name drug instead, they will be responsible for the brand drug copay plus the difference in cost between the brand and generic medication. (Applies to NJEHP & GSP only).
- **Step Therapy:** Requires a trial with a lower cost medication before the member is given approval for a higher cost medication, when clinically appropriate. If a member purchases the higher cost medication without prior approval, then the medication will not be covered. (Applies to NJEHP & GSP only).
- **Formulary List:** A guide for selecting clinically and therapeutically appropriate medications. This list includes a majority of brand and generic medications, and also lists certain medications which will not be covered. The formulary updates throughout the year, and brand name drugs may move to non-formulary status if a generic version becomes available during the year. # Chapter 78 Percentage of Premium Schedule

Pursuant to P.L. Chapter 78, all Rancocas Valley Regional High School employees have a contribution arrangement for health benefits that is consistent with NJ State statute. Eligible employees and their eligible dependents share in the cost of healthcare premiums in accordance with the following schedule. The schedule is based upon employees' annual wages and coverage tier (Employee, Employee & Spouse/Child or Family coverage) and represents Year 4 of P.L. Chapter 78 contributions.

**Please Note:** Employees enrolled in the NJEHP or GSP for medical and prescription benefits will follow a new salary-based contribution schedule. Please refer to the specific NJEHP & GSP Ch. 44 Contribution Schedules for information regarding this contribution schedule.

# Hospital Safety Grade:

## *Leapfrog*

### Know where to get care!

Before you decide which hospital to use for elective care; whether in your network or not, it is advisable to check the hospital's quality rating. You can do so by checking their Leapfrog Group ("Leapfrog") score.

Leapfrog is an independent, national not-for-profit organization founded more than a decade ago by the nation's leading employers and private health care experts. They strive to make giant "leaps" forward in the safety, quality, and affordability of health care in the U.S. by promoting transparency through our data collection and public reporting initiatives.

With their goal of saving lives by reducing errors, injuries, accidents, and infections, the Leapfrog Group focuses on measuring and publicly reporting hospital performance through the annual Leapfrog Hospital Survey.

**The survey is a trusted, transparent, and evidence-based national tool in which over 2,300 hospitals voluntarily participate free of charge.** The Leapfrog Group advocates for public access to quality and safety data from all U.S. hospitals. Their letter-based rating system (i.e., A, B, C, etc.) makes it easy for consumers and patients to make informed decisions about their quality and ability to deliver care effectively.

### Getting started

Patients can check with their physician with questions about hospital quality. The service is free. To look up all Hospital Quality scores nationally, visit [www.hospitalsafetygrade.org](http://www.hospitalsafetygrade.org).

# Legal Notices

## Availability of Summary Health Information

As an employee, the health benefits available to you represent a significant component of your compensation package. They also provide important protection for you and your family in the case of illness or injury.

A Summary of Benefits and Coverage (SBC) will be available for your review at the Open Enrollment meetings or by request to Human Resources. These documents will summarize important information about health coverage in a standard format. If you would like a hard copy of the SBC, you may obtain one from Human Resources.

## Special Enrollment Notice

**Loss of other coverage (excluding Medicaid or a State Children's Health Insurance Program).** If you decline enrollment for yourself or for an eligible dependent (including your spouse) while other health insurance or group health plan coverage (including COBRA coverage) is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the Company stops contributing toward your or your dependents' other coverage). However, you must request enrollment within [30 days or any longer period that applies under the plan] after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage). If you request a change within the applicable timeframe, coverage will be effective the first of the month following your request for enrollment. When the loss of other coverage is COBRA coverage, then the entire COBRA period must be exhausted in order for the individual to have another special enrollment right under the Plan. Generally, exhaustion means that COBRA coverage ends for a reason other than the failure to pay COBRA premiums or for cause (that is, submission of a fraudulent claim). This means that the entire 18-, 29-, or 36-month COBRA period usually must be completed in order to trigger a special enrollment for loss of other coverage.

## Loss of eligibility for Medicaid or a State Children's Health Insurance

**Program.** If you decline enrollment for yourself or for an eligible dependent (including your spouse) while Medicaid coverage or coverage under a state children's health insurance program (CHIP) is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents' coverage ends under Medicaid or CHIP. If you request a change within the applicable timeframe, coverage will be effective the first of the month following your request for enrollment.

**New dependent by marriage, birth, adoption, or placement for adoption.** If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your new dependents. However, you must request enrollment within [30 days or any longer period that applies under the plan] after the marriage, birth, adoption, or placement for adoption. If you request a change within the applicable timeframe, coverage will be effective the date of birth, adoption or placement for adoption. For a new dependent as a result of marriage, coverage will be effective the first of the month following your request for enrollment.

**Eligibility for Medicaid or a State Children's Health Insurance Program.** If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or through a state children's health insurance program (CHIP) with respect to coverage under this plan, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 60 days after your or your dependents' determination of eligibility for such assistance. If you request a change within the applicable timeframe, coverage will be effective the first of the month following your request for enrollment.

To request special enrollment or obtain more information, contact Human Resources.

## Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

## Women's Health and Cancer Rights Act

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- all stages of reconstruction of the breast on which the mastectomy was performed;
- surgery and reconstruction of the other breast to produce a symmetrical appearance; prostheses; and
- treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other benefits. If you have any questions, please speak with Human Resources.

## Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [www.healthcare.gov](http://www.healthcare.gov).

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or [www.insurekidsnow.gov](http://www.insurekidsnow.gov) to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2024. Contact your State for more information on eligibility –

# Insurance Marketplace Notice

## PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

### What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

### Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

### Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.<sup>1</sup>

**Note:** If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

### How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact the insurance carrier's customer service number located on your ID card. The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit [HealthCare.gov](http://HealthCare.gov) for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area. To get information about the Marketplace coverage, you can call the government's 24/7 Help-Line at 1-800-318-2596 or go to <https://www.healthcare.gov/marketplace/individual/>.

## PART B: Information about Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

# Insurance Marketplace Notice cont.

## **Here is some basic information about health coverage offered by this employer:**

- As your employer, we offer a health plan to:
  - Some employees. Eligible employees are: Full-time employees, who work a regular schedule of 35 hours or more per week. For twelve (12) month employees: Effective as of first day immediately following 30 days of continuous employment, if not employed on the Effective Date. For ten (10) month employees: Effective as of September 1st if hired prior to that date. If hired during the school year, effective as of the first day following 30 days of continuous employment.
- With respect to dependents:
  - We do offer coverage. Eligible dependents are: Spouse, Civil Unions, & Children
- This coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

\*\* Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary week to week (perhaps you are an hourly employee or you work on a commission bases), if you are newly employed mid-year, or if you have other income losses, you may still qualify for the premium discount.

If you decide to shop for coverage in the Marketplace, HealthCare.gov will guide you through the process. Here's the employer information you'll enter when you visit HealthCare.gov to find out if you can get a tax credit to lower your monthly premiums.

## **ABOUT THIS BENEFITS SUMMARY**

The information in this Enrollment Guide is presented for illustrative purposes and is based on information provided by the employer. The text contained in this Guide was taken from various summary plan descriptions and benefit information. While every effort was taken to accurately report your benefits, discrepancies or errors are always possible. In case of discrepancy between the Guide and the actual plan documents the actual plan documents will prevail. If you have any questions about your Guide, contact Human Resources.
